

Boiling Springs High School

Closing of School Due to Inclement Weather

1. When inclement weather occurs, the district administrators will make a decision if the school will open or close early. **Students and parents should listen for announcement on local television and radio stations.**
2. The decision to open or close school is made at the district level, NOT THE HIGH SCHOOL!
3. Please do not call the school or district office. A cancellation of school activities due to weather also cancels any after-hours activities as well. Exceptions to this must be approved by the principal.
4. During days when weather is threatening, parents should listen to radio and television stations for announcements on the closing of school.
5. **Days missed due to weather must be made up either at the end of the school year or on teacher workdays during the school year.**

District Two Policy:

When inclement weather situations exist, school officials assess road conditions and weather forecasts and attempt to make a decision on school closings or delays before 6:00 a.m. Once a decision is made, the following radio and television stations are notified:
